REVISED CIRCULAR

**Co-curricular and extra-curricular activities** have been recognized as vital components of a student's comprehensive development, as per the holistic educational vision outlined in the National Education Policy (NEP) 2020 and the directives of the All India Council for Technical Education (AICTE). These activities play a significant role in fostering creativity, leadership, teamwork, social responsibility, and emotional intelligence—qualities that are essential for both personal growth and professional success.

To encourage active student participation and provide a structured system for documenting such engagements, an **Activity Point System** has been introduced.

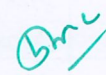

- Each student is required to earn a minimum of 20 activity points per semester as part of the mandatory requirements.
- Students can earn activity points by attending/coordinating/organizing events conducted by clubs/associations/departments within the institute.
- Points will also be awarded for participation in events organized by reputed institutions ranked within the top 75 in the NIRF rankings.

The **Activity Point Programme** will be applicable to all UG students from 2025–26 batch.

| S. No. | Activity                                                                                                                            | Points             |
|--------|-------------------------------------------------------------------------------------------------------------------------------------|--------------------|
| 1      | Organising Events (Permission Letter/Budget/Resource Person Identification/Bills settlement)<br>(Maximum of 10 students per event)  | 5 per event        |
